GALDWELL LOST VOTES

Cut Heavily by Supporters of Republican Ticket.

BEAT PATRICK BY ABOUT 5,000.

pemocrats Claimed Their Candidate For Lieutenant Governor Was Elected. Dick Received Figures Showing the Aove Plurality.

COLUMBUS, Nov. 10.—A flurry was created in political circles by the claims of the Democratic state committee that Patrick, Dem., had taon elected for lieutenant governor over Caldwell, Rep. The returns showed that Caldwell had been cut heavily as the result of the fight made against him by the Anti-Saloon League, but the Republican committee had not given the matter any serious consideration. However, county chairmen were asked for the vote on lieutenant governor.

Returns were received from 70 counties which gave Caldwell a plurality of 8,278. The remaining 18 counties gave Nash a plurality of 12,166, and as they are all strongly Republican, Chairman Dick claims the election of Caldwell with the greatest confidence. It is claimed Caldwell's plurality over Patrick will not be less than 5,000. Revised figures on the head of the ticket show that Nash's plurality was 50,512

Toledo, Nov. 10.—Mayor Jones issued a signed statement in which he denied that he had said "if my race has in any way contributed to the success of John R. McLean and a rebuke to the intamous policy of the administration if feel it has not been in vain." Mayor Jones then said of imperialism:

"I believe the non-partisan vote of Ohio may be recorded as favoring a Christian policy toward the Philippines. Personally I believe the Filipinos have a right to be free as well as the Americans and I have frankly said so whenever the question was raised, but I have no thought whatever of trying to represent any other man as believing as I do. I want all men to be free to speak for themselves."

PLATT ON THE ELECTION.

Said It Indicated McKinley as the Peopie's Choice For a Second Term.

New York, Nov. 10.—"What do you think of the Citizens' Union and Labor Alliance?" was asked Senator Thomas C. Platt.

"Oh." he answered, "that's water that has passed over the dam."

"And what about the dam?"

"That's in good condition for next year," was the reply, and he continued:
"I am still dazed at the returns from up the state. The country did splendidly. A man from the country wrote me this morning: 'God made the country, man made the town.'"

As to the significance of the result in

general, Senator Platt said:

"The splendid Republican victories all along the line in upper New York, Ohio, Iowa, Pennsylvania, Kentucky, South Dakota and elsewhere are a strong endorsement of President McKinley's administration. They endorse the war policy. They repudiate the criticisms made by the so-called anti-imperialists. They indicate that President McKinley will be the choice of the people for a second term."

Richard Croker was asked whether he approved Elliot Danforth's project to establish permanent Democratic state headquarters.

"I dont know that it would do much good," he replied. "But it is certain that the up state Democrats should organize and work like Tammany does. See the result of the election here and up the state."

"Do you blame David B. Hill for the result up the state?" was asked.

"I am not blaming anybody yet, "Mr. Crocker replied. I only say that the result in the interior of the state is disappointing."

PRESBYTERIAN CASE SETTLED

Hermann Warszawiak Restored to Membership In Fifth Avenue Church.

NEW YORK, Nov. 10.—By a decision of the session of the Fifth Avenua Presbyterian church sitting as a judi-

cial court, the charges against Hermann Warszawiak have been dismissed and he has been restored to full membership in the church. Notice of the action of the court will be read from the pulpit of the church next Sunday. The affair had been pending about three years and has done much to airrupt the internal policy of the church. The late Dr. John Hall believed in Warszawiak and championed nis cause.

It is said that a desire to restore har mony before calling a new paster has much to do with the settlement of the case.

BOTH CLAIMING KENTUCKY.

Each Sides Crying Fraud—The Legislature Likely to Settle the Governorship Contest.

LOUISVILLE, Nov. 10.—A confusion of claims and counter claims, to quiet which the official count or perhaps a contest before legislature will be necessary, is all that is left of Tuesday's election. Above it all venement cries of fraud, committed or contemplated, are heard.

Chairman Long, of the Republican campaign committee, when asked for an estimate of the vote on the gubernatorial race, said:

"I have no estimate to give but I can furnish the actual figures. On the face of the returns Taylor's plurality is 4,136. All of the precincts have been heard from. Twelve counties are not official, including the returns from Kenton and Breathitt."

General Taylor said he was sure of his election by a majority that will not be less than 4,000. General Taylor said that official and semi-official returns from nearly every precinct in the state showed that he had been elected.

A special from Frankfort quoted Governor Bradley as saying:

"Taylor has been elected by at least 10,000 majority and he will be the next governor of Kentucky."

On the other hand, returns from Democratic sources showed a plurality on the face of the returns of about 2,000 for Goebel. This they claimed is to be affected by returns from some missing precincts where the Democrats can hardly do worse than break even. Mr. Goebel and Senator Blackburn, in interviews at Frankfort, openly charged the Republicans with fraud in the Eleventh district, from which the returns are coming in very slowly.

The indications point more strongly than ever to a contest before the legislature which, there seems no reasonable doubt, will be controlled by the Democrats.

Whether or not the members belonging to that party will stand together on questions affecting a contest can not now be foretold.

Frankfort, Ky., Nov. 10.—Governor Bradley was telegraphed by hundreds of Republicans offering to come to the state capital to prevent Taylor being counted out.

Chairman Young of the Democratic state central committee, charged the Republicans with attempting to perpetrate fraud in the mountain districts, where the heavy Republican vote lies. Young said the official count by county returning boards will give Goebel over 4,000. He also said all minor candidates on the state ticket win, though by less pluralities than Goebel.

Senator Goebel received the following telegram from W. J. Bryan:

"Have just learned that returns are near enough complete to insure your election, congratulations. I am sure your administration will strengthen the party."

BARNETT WON BY 106,117.

Elected State Treasurer by That Plurality—Returns From All
Counties.

PHILADELPHIA, Nov. 10.—Complete figures from every county in the state, Uearly all of them unofficial footings of the official returns, showed that the plurality of Barnett, Rep., candidate for state treasurer, over Creasy, Dem., is 106,217.

The full vote was Barnett, Rep., 436.790; Creasy, Dem., 330,573; Caldwell, Pro., 16,863. Total vote, 784,226, a slight increase over the vote for state treasurer in 1897 and 185,841 less than the vote for governor last year.

Barnett was the victim of considerable cutting, he falling about 28,200 votes be low Brown, the Republican candidate

for supreme court judge.

Barnett carried 40 of the 67 counties in the state. His plurelity in the two large counties of Philadelphia and Aliegheny were 69,543 and 14,709 respectively.

15TH YEAR. NO. 131.

EAST LIVERPOOL, O., FRIDAY, NOV. 10, 1899.

TWO CENTS

Cut Heavily by Supporters of Republican Ticket.

BEAT PATRICK BY ABOUT 5,000.

Democrats Claimed Their Candidate For Lieutenant Governor Was Elected. Dick Received Figures Showing the Aove Plurality.

COLUMBUS, Nov. 10.-A flurry was created in political circles by the claims of the Democratic state committee that Patrick, Dem., had toon elected for lieu tenant governor over Caldwell, Rep. The returns showed that Caldwell had been cut heavily as the result of the fight made against him by the Anti-Saloon League, but the Republican committee had not given the matter any serious consideration. However, county chairmen were asked for the vote on lieutenant governor.

Returns were received from 70 counties which gave Caldwell a plurality of 8,278. The remaining 18 counties gave Nash a plurality of 12,166, and as they are all strongly Republican, Chairman Dick claims the election of Caldwel with the greatest confidence. It is claimed Caldwell's plurality over Par rick will not be less than 5,000. Revised figures on the head of the ticker show that Nash's plurality was 50,512

"I believe the non-partisan vote of Ohio may be recorded as favoring a Christian policy toward the Philippines Personally I believe the Filipinos have a right to be free as well as the Ameri cans and I have frankly said so when ever the question was raised, but I have no thought whatever of trying to rep resent any other man as believing as do. I want all men to be free to speas for themselves.'

PLATT ON THE ELECTION.

Said It Indicated McKinley as the Peo ple's Choice For a Second Term.

NEW YORK, Nov. 10.—"What do you think of the Citizens' Union and Labor Alliance?" was asked Senator Thomas

"Oh." he answered, "that's water that has passed over the dam."

"And what about the dam?"

"That's in good condition for next year," was the reply, and he continued "I am still dazed at the returns from up the state. The country did splendidly. A man from the country wrote me this morning: 'God made the country, man made the town.'

As to the significance of the result in general, Senator Platt said:

"The splendid Republican victories all along the line in upper New York, Ohio, Iowa, Pennsylvania, Kentucky South Dakota and elsewhere are a strong administration. President McKinley's administration. policy. They repudiate the criticisms made by the so-called anti-imperialists. They indicate that President McKinley will be the choice of the people for a second term."

Richard Croker was asked whether he approved Elliot Danforth's project to establish permanent Democratic state headquarters.

"I dont know that it would do much good," he replied. "But it is certain

that the up state Democrats should organize and work like Tammany does. See the result of the election here and up the state."

Do you blame David B. Hill for the result up the state?" was asked.

"I am not blaming anybody yet, "Mr Orocker replied. I only say that the result in the interior of the state is disap-

BOTH CLAIMING KENTUCKY.

Each Sides Crying Fraud-The Legisla ture Likely to Settle the Governorship Contest.

LOUISVILLE, Nov. 10.—A confusion of claims and counter claims, to quier which the official count or perhaps a contest before legislature will be neces sary, is all that is left of Tuesday's election. Above it all vehement cries of fraud, committed or contemplated, are heard.

Chairman Long, of the Republican campaign committee, when asked for an estimate of the vote on the gubernatorial race, said:

"I have no estimate to give but I can furnish the actual figures. On the face of the returns Taylor's plurality is 4,136. All of the precincts have been heard from. Twelve counties are not official, including the returns from Kenton and Breathitt.

General Taylor said he was sure of his election by a majority that will not be less than 4,000. General Taylor said that official and semi-official returnfrom nearly every precinct in the state showed that he had been elected.

A special from Frankfort quoted Governor Bradley as saying:

"Taylor has been elected by at least 10,000 majority and he will be the next governor of Kentucky.'

On the other hand, returns from Democratic sources showed a plurality on the face of the returns of about 2,000 for Goebel. This they claimed is to be affected by returns from some missing precincts where the Democrats can hardly do worse than break even. Mr. Goebel and Senator Blackburn, in interviews at Frankfort, openly charged the Republicans with fraud in the Eleventn district, from which the returns are coming in very slowly.

The indications point more strongly than ever to a contest before the legislature which, there seems no reasonable doubt, will be controlled by the Demo-

Whether or not the members belonging to that party will stand together on questions affecting a contest can not now be foretold.

Bradley was telegraphed by hundreds state capital to prevent Taylor being counted out.

Chairman Young of the Democratic state central committee, charged the Republicans with attempting to perpe trate fraud in the mountain districts, where the heavy Republican vote lies. Young said the official count by county returning boards will give Goebel over 4,000. He also said all minor candidates on the state ticket win, though by less pluralities than Goebel.

Senator Goebel received the following telegram from W. J. Bryan:

"Have just learned that returns are near enough complete to insure your election, congratulations. I am sure your administration will strengthen the

EAST LIVERPOOL, O,. FRIDAY, NOV. 10.

FOR PRESIDENT--Second Term. WM. M'KINLEY,

THE ADVANCE IN PRICES.

The decision of the manufacturers to advance the price of ware five per cent was the only possible outcome of the present condition of the pottery trade. Material and labor have gone up since the present prices were decided upon, orders are coming so rapidly that it is a continual rush to fill them, and if there was ever a time when conditions required and justified an advance in prices it is right now.

POETIC JUSTICE.

The Democrats now say that Jones, of Toledo, gained most of his votes from Democracy through the free advertising given him in McLean's personal organ, the Cincinnati Enquirer. This is poetic justice. The weapon with which Mc-Lean has killed off every decent Democrat who ever attained prominence in the state has proved a boomerang and the fact that his own filthy sheet should be his undoing will strike most people as fitting and most righteous.

KENTUCKY.

Kentucky has again gone Republican despite the personal appeal of W. J. Bryan and the most shameless corrup. tion, bribery and bulldozing upon the part of Goebel and his lawless followers. Probably never in the history of a state were threats so openly made to count out the opposition as were made by voters of Kentucky, and Governor Bradley, who called out the militia to see that a fair count was permitted, will Liverpool and says it is a splendid city. no doubt see to it that the Republicans are not cheated out of their well won victory. The day has passed in Kentucky when the voice of the voters could be overruled and nullified by a few scoundrels running results to suit themselves.

The happy couple left on the midnight train for their wedding trip and upon their return will make their home in Pittsburg. A POWERFUL COMPANY

PROSPERITY'S REIGN.

A New Local Home Building and Savings Association.

Articles of incorporation were filed with secretary of state in Columbus vesterday for the Columbiana County Building, Loan and Savings company, of East Liverpool; capital stock \$400,-000, divided into 4,000 one hundred dollar shares. The new company will operate in Columbiana county only. The first floor of the Ikirt block has been selected for an office, which room is specially fitted for same. Ex-Postmaster M. E. Miskall was elected secretary of the new company last night, and he will assume charge of the office at once. East Liverpool with its population of 18,000 is in need of another association of this character, and the success of the new company is assured with the plan it has adopted and the well and favorably known Liverpool citizens as its officers and directors. There are few cities in the state of Ohio with 12,000 population who have less than three home building association. The Ohio report shows that East Liverpool is a fine field for this class of work. Among other features of the new company will be a low rate of interest to its borrowing members. The company also expects to pay dividends at the rate of not less than six per cent. A limited number of installment monthly running shares and paid up shares will be offered to the people of Columbiana county. The plan of the new company will be identical to the old and reliable companies of this state. Christian Metsch, president; L. M. Thomas, vice president; M. E. Miskall, secretary; A. H. Bulger, treasurer; A. H. Clark, attorney. Board of directors: George Hamilton, Smith Fowler, Frank Crook, Geo. P. Ikirt, L. M. Thomas, C. Metsch, A. H. Bulger.

A BAD PRACTICE.

Audiences Should Remain Seated Until the Show Is Over.

The theater going public of this city should learn that a play is not over until the curtain goes down at the end of the last act. Almost every good show is spoiled by the ladies starting to put on their hats and two thirds of the audience getting up before the show is over. The men rush to the back of the house and stand there until the curtain goes down as if they were afraid they wouldn't get out. If the management of the Grand can devise a way to keep the audience seated until plays are over they will confer a lasting favor on a large majority of their patrons.

The Fall of Atlanta.

The "Fall of Atlanta; or the Irish Spy," which will be presented at the Grand shortly, under the auspices of the local camp, Sons of Veterans, is one of the strongest military dramas ever attempted by a cast partially composed of home talent. The play deals with incidents transpiring in and about Atlanta during the rebellion, giving perfect reproduction of the famous battle of Atlanta, together with camp scenes, troops and the march, beautiful tableaux, participated in by 30 young ladies, the Andersonville prison scene being one of the most realistic ever attempted. The author, Geo. M. Connell, has spared neither time nor Virginia" and others.

pemocrats Claimed Their Candidate For Lieutenant Governor Was Elected. Dick Received Figures Showing the Aove Plurality.

COLUMBUS, Nov. 10 .- A flurry was created in political circles by the claims of the Democratic state committee that Patrick, Dem., had toon elected for lieutenant governor over Caldwell, Rep. The returns showed that Caldwell had been cut heavily as the result of the fight made against him by the Anti-Saloon League, but the Republican committee had not given the matter any serious consideration. However, county chairmen were asked for the vote on lieutenant governor.

Returns were received from 70 counties which gave Caldwell a plurality of 8.278. The remaining 18 counties gave Nash a plurality of 12,166, and as they are all strongly Republican, Chairman Dick claims the election of Caldwel with the greatest confidence. It i claimed Caldwell's plurality over Par rick will not be less than 5,000. Re vised figures on the head of the ticket show that Nash's plurality was 50,512

TOLEDO, Nov. 10.—Mayor Jones issue a signed statement in which he denied that he had said "if my race has in an way contributed to the success of John R. McLean and a rebuke to the infamous policy of the administration I feel it has not been in vain." Mayor Jones then said of imperialism:

"I believe the non-partisan vote of Ohio may be recorded as favoring a Christian policy toward the Philippines Personally I believe the Filipinos have a right to be free as well as the Americans and I have frankly said so when ever the question was raised, but I have no thought whatever of trying to represent any other man as believing as do. I want all men to be free to spear for themselves.

NEW YORK, Nov. 10 .- "What do you think of the Citizens' Union and Labor Alliance?" was asked Senator Thomas C. Platt.

"Oh." he answered, "that's water that has passed over the dam."

"And what about the dam?"

"That's in good condition for next year," was the reply, and he continued: "I am still dazed at the returns from up the state. The country did splendidly. A man from the country wrote me this morning: 'God made the country, man made the town.

BOTH CLAIMING KENTUCKY.

Each Sides Crying Fraud-The Legisla ture Likely to Settle the Governorship Contest.

Louisville, Nov. 10.—A confusion of claims and counter claims, to quie which the official count or perhaps : contest before legislature will be neces sary, is all that is left of Tuesday' election. Above it all vehement crie of fraud, committed or contemplated are heard.

Chairman Long, of the Republican campaign committee, when asked for an estimate of the vote on the guberna torial race, said:

"I have no estimate to give but I can furnish the actual figures. On the face of the returns Taylor's plurality is 4,136 All of the precincts have been heard from. Twelve counties are not official including the returns from Kenton and Breathitt.

General Taylor said he was sure of his election by a majority that will not be less than 4,000. General Taylor said that official and semi-official return from nearly every precinct in the state showed that he had been elected.

A special from Frankfort quoted Gov ernor Bradley as saying:

"Taylor has been elected by at least 10,000 majority and he will be the next governor of Kentucky.'

On the other hand, returns from Dem ocratic sources showed a plurality on the face of the returns of about 2,000 for Goebel. This they claimed is to be affected by returns from some missing precincts where the Democrats can hardly do worse than break even. Mr. Goebel and Senator Blackburn, in interviews at Frankfort, openly charged the Republicans with fraud in the Eleventh district, from which the returns are coming in very slowly.

The indications point more strongly than ever to a contest before the legislature which, there seems no reasonable doubt, will be controlled by the Demo-

Whether or not the members belonging to that party will stand together on questions affecting a contest can not now be foretold.

Bradley was telegraphed by hundreds of Republicans offering to come to the state capital to prevent Taylor being counted out.

Chairman Young of the Democratic state central committee, charged the Republicans with attempting to perpetrate fraud in the mountain districts, where the heavy Republican vote lies. Young said the official count by county returning boards will give Goebel over 4,000. He also said all minor candidates on the state ticket win, though by less pluralities than Goebel.

Senator Goebel received the follow-

ing telegram from W. J. Bryan: "Have just learned that returns are near enough complete to insure your election, congratulations. I am sure your administration will strengthen the

Most every one in the city is aware that within the past year considerable building has been done in the district east of Ralston's crossing, but never before have any figures been given on the matter. From appearances I would say that close to \$30,000 have been expended in this respect, to say nothing of the new potteries which are being built, which will swell the total to near the \$200,000 mark."

FOR PRESIDENT -- Second Term. WM. M'KINLEY,

THE ADVANCE IN PRICES.

The decision of the manufacturers to advance the price of ware five per cent was the only possible outcome of the present condition of the pottery trade. Material and labor have gone up since the present prices were decided upon, orders are coming so rapidly that it is a continual rush to fill them, and if there was ever a time when conditions required and justified an advance in prices it is right now.

POETIC JUSTICE.

The Democrats now say that Jones, of Toledo, gained most of his votes from Democracy through the free advertising given him in McLean's personal organ, the Cincinnati Enquirer. This is poetic justice. The weapon with which Mc-Lean has killed off every decent Democrat who ever attained prominence in the state has proved a boomerang and the fact that his own filthy sheet should be his undoing will strike most people as fitting and most righteous.

KENTUCKY.

Kentucky has again gone Republican despite the personal appeal of W. J. Bryan and the most shameless corrup. tion, bribery and bulldozing upon the part of Goebel and his lawless followers. Probably never in the history of a state were threats so openly made to count out the opposition as were made by see that a fair count was permitted, will no doubt see to it that the Republicans are not cheated out of their well won victory. The day has passed in Kentucky when the voice of the voters could be overruled and nullified by a few scoundrels running results to suit themselves.

DENSLOW-ANDREWS.

A Very Pleasant Society Wedding In Wellsville Last Evening.

Dr. Walter B. Denslow, of Pittsburg, and Miss Dee Andrews, of Wellsville, were united in marriage last evening at the residence of the bride's parents, Mr. and Mrs. T. R. Andrews, Reverend Glasgow, officiating. The affair was a very pretty home wedding and guests to the number of 100 were present. The house was beautifully decorated in white and green. The happy couple left on the midnight train for their wedding trip and upon their return will make their home in Pittsburg. Doctor Denslow is one of Pittsburg's rising young physicians while his bride is one of Wellsville's most accomplished young ladies. They have a host of friends who will wish them much happiness.

PROSPERITY'S REICN.

A New Local Home Building and Savings Asso-

ciation.

Articles of incorporation were filed with secretary of state in Columbus vesterday for the Columbiana County Building, Loan and Savings company, of East Liverpool; capital stock \$400,-000, divided into 4,000 one hundred dollar shares. The new company will operate in Columbiana county only. The first floor of the Ikirt block has been selected for an office, which room is specially fitted for same. Ex-Postmaster M. E. Miskall was elected secretary of the new company last night, and he will assume charge of the office at once. East Liverpool with its population of 18,000 is in need of another association of this character, and the success of the new company is assured with the plan it has adopted and the well and favorably known Liverpool citizens as its officers and directors. There are few cities in the state of Ohio with 12,000 population who have less than three home building association. The Ohio report shows that East Liverpool is a fine field for this class of work. Among other features of the new company will be a low rate of interest to its borrowing members. The company also expects to pay dividends at the rate of not less than six per cent. A limited number of installment monthly running shares and paid up shares will be offered to the people of Columbiana county. The plan of the new company will be identical to the old and reliable companies of this state. Christian Metsch, president; L. M. Thomas, vice president; M. E. Miskall, secretary; A. H. Bulger, treasurer; A. H. Clark, attorney. Board of directors: George Hamilton, Smith Fowler, Frank Crook, Geo. P. Ikirt, L. M. Thomas, C. Metsch, A. H. Bulger.

A BAD PRACTICE.

Audiences Should Remain Seated Until the Show Is Over.

The theater going public of this city should learn that a play is not over until the curtain goes down at the end of the last act. Almost every good show is spoiled by the ladies starting to put on their hats and two thirds of the audience getting up before the show is over. The men rush to the back of the house and stand there until the curtain goes down as if they were afraid they wouldn't get out. If the management of the Grand can devise a way to keep the audience seated until plays are over they will confer a lasting favor on a large majority of their patrons.

The Fall of Atlanta.

The "Fall of Atlanta; or the Irish Spy," which will be presented at the Grand shortly, under the auspices of the local camp, Sons of Veterans, is one of the strongest military dramas ever attempted by a cast partially composed of home talent. The play deals with incidents transpiring in and about Atlanta during the rebellion, giving perfect reproduction of the famous battle of Atlanta, together with camp scenes, troops and the march, beautiful tableaux, participated in by 30 young ladies, the Andersonville prison scene being one of the most realistic ever attempted. The author, Geo. M. perfection as possible and as a result the treasurer, Geo. Sebring Sr.; marshal, the comedy which has made millions play is said by some of the best critics Sam Carnagan; city council, Chas. laugh. The plot is simply a thread to to compare favorably with "Shenan- McCauley, John Hunter, G. S. Pardue, string a lot of funny incidents on, and doah," "Cumberland '61," "For Fair Chas. Stauffer, Samuel Dobbs, C. J. the audience is kept in one continual Virginia" and others.
